Gradi Puata

Robotics IoT Consultant @ A Robotics and IoT Consultant |
Foundational C#
Durban, KwaZulu-Natal, South Africa

Summary

As a Robotics and IoT Consultant, I design, implement, and optimize
automation systems, integrating robotics and IoT solutions for
business efficiency. I have a strong background in information
technology and a passion for basketball coaching. I am currently
pursuing a Bachelor's degree in Information Technology at Richfield,
expected to graduate in December 2027. I also hold certifications
in C#, Responsive Web Design, and Python Essentials 1 from
freeCodeCamp and Cisco. My goal is to leverage my technical skills
and coaching experience to create innovative solutions that enhance
business performance and player development.

Experience

Eden College Durban
Basketball Coach
January 2025 - Present (6 months)
Durban

As a passionate and dedicated Basketball Coach, I focus on fostering a
positive and high-performance environment for players at all skill levels. I
specialize in developing comprehensive training programs, improving players'
technical skills, and enhancing team dynamics to ensure success both on and
off the court.

I am committed to creating individualized development plans for players,
emphasizing discipline, teamwork, and leadership while promoting strategic
game understanding. Through effective coaching methods, I have led teams to
tournament victories, and personal player growth.

By building strong relationships with athletes, parents, and colleagues, I create
an environment that fosters mutual respect and accountability, ultimately
driving performance and achieving long-term success.

CodSoft
Python Developer
March 2025 - April 2025 (2 months)
Durban, KwaZulu-Natal, South Africa

• Developed various Python applications including password generators,
contact book app, and logic-improving game using data structures like
dictionaries, lists, tuples, and sets.
• Collaborated with team members to ensure efficient code implementation and
meet project deadlines.
• Implemented best practices in coding to optimize performance and enhance
user experience.

AlgoAtWork
Robotics IoT Consultant
February 2025 - April 2025 (3 months)
Durban, KwaZulu-Natal, South Africa

A Robotics and IoT Consultant designs, implements, and optimizes automation
systems, integrating robotics and IoT solutions for business efficiency.

PSSD Innovations
Call Center Agent
October 2024 - February 2025 (5 months)

As a Call Center Agent, I serve as the primary point of contact between the
company and its customers, providing exceptional support by answering
calls, emails, and live chats to address product or service-related questions,
complaints, and issues.I pride myself on maintaining accurate records of
interactions, using CRM tools efficiently, and staying calm under pressure.
With strong communication and multitasking skills, I am dedicated to delivering
high-quality service and contributing to the company's success.
